

A cinematic scene from a futuristic city at night. Two robots are perched on a metal balcony railing, looking out over a dense urban landscape. The robot on the left is smaller, with a rounded, metallic body and a dome-shaped head. The robot on the right is taller, with a more humanoid form and a golden, segmented body. The city below is filled with tall buildings, glowing neon signs in various colors (blue, purple, orange), and flying vehicles. The overall atmosphere is dark and atmospheric, with a strong sense of depth and scale.

# Escaping the Escaping the Liability Sponge

**WHEN SHE WALKS  
OUT THE DOOR,**  
FIVE YEARS OF CONTEXT  
WALKS OUT WITH HER.

The image depicts two humanoid droids standing in a dark, atmospheric setting that resembles a ruined ancient temple. The droids are constructed from dark, metallic-looking materials with glowing cyan eyes and chest accents. They are positioned in the center of the frame, facing each other. From the left and right sides, several thick, dark cables or conduits emerge from the stone walls, some of which are sparking with bright orange and yellow light. The background is filled with large, cracked stone columns and arches, creating a sense of decay and mystery. The overall lighting is dim, with the primary light sources being the droids' eyes and the sparks from the cables.

**Generals died, Empires fell,  
but the Droids remembered.**
